# COMPLETING DEGREE REQUIREMENTS

## Credit Can Be Fulfilled Through A Combination Of The *Following*:

- **Transfer of Credits\***: Students who have successfully completed courses at accredited institutions may receive transfer credit for any applicable work.  
*\*Limits apply to all programs.*
- **Specialized Training**: Specialized training credit is awarded to undergraduate students based on documented professional training.
- **Experiential Credit**: Experiential credit may be awarded to undergraduate degree program students based on prior educational background and work history that would be comparable to a standard course. When assigned by the professor, students will be asked to submit a request for experiential credit form, along with their supporting documents, for each course under consideration.
- **Challenge Exams\***: Challenge examinations may be offered when a student has enough prior learning experience and/or life experience related to a particular course.  
*\*Associate, bachelor's, master's level only.*
- **Study Guides**: Study Guides combine several different approaches to learning: including multiple choice examinations and/or writing assignments.
- **Proposal, Dissertation, and Oral Defense (Doctorate Level Only)**: For the dissertation phase of the Doctor of Education programs, the student will choose a research topic related to his or her field of study. Under the direction of the Dissertation Committee, the student will complete a proposal and dissertation. All dissertations are then followed by an oral defense.
